

How She Economizes!

I study advertisements and I know where and when and how to purchase the household supplies. My husband used to laugh at me for reading advertisements so carefully, but he has long since learned that I save many dollars every month. I know of no better way to practice economy. It is a wonder how soon you learn to detect the real from the false—intuitively almost. I think I have never been "taken in" by an advertisement. This is the experience of a bright lady who has practiced what we preach from week to week in our advertisements. We have the goods at the very lowest prices made anywhere. How can you economize, save money easier, than by getting your supplies of all kinds below the regular prices.

THREE SAVED.

Further Particulars of the Loss of the Drummond Castle.

The Ill-Fated Vessel Struck on a Reef and Sunk in Three Minutes.

Two Hundred and Forty-Four Lives Were Lost—The Unlucky Ship Must Have Struck So as to Have Torn Her Bottom From Stem to Stern.

LONDON, June 19.—Further developments have reached here of the loss of the steamship Drummond Castle, bound from Capetown to London. The vessel had 144 passengers and 103 officers and men. Only three men were saved out of 247 souls on board. The steamer was heading around Finisterre, from the Bay of Biscay, and making for the chops of the British channel.

Off Finisterre is the island of Ushant, about 20 miles northwest of this port, one of a group of some 30 islands, the largest of which are Ushant, Molene, Leconquet and St. Michel.

The Drummond Castle, to steer a safe course, should have been away outside of Ushant, upon which island is a lighthouse and signal station, but for some reason not satisfactorily explained the steamer headed inside of Ushant. Between that point and the mainland of France is a line of islands including Molene and Leconquet and connected by ridges of rock with each other. At different places there are rifts through which vessels can pass with safety, but between Ushant and Molene, the latter island being about half way to mainland, is a sunken reef of rocks with deep water on both sides of it and covered in parts even at the lowest tides. It was on this ridge that the Drummond Castle struck while going at full speed.

The unlucky steamer must have struck so as to tear her bottom from stem to stern, thus filling all her water-tight compartments, and sending her to the bottom within three minutes. Marguardt, one of the survivors, has made a statement in which he says that Capt. Pierce had just gone to his cabin for a brief rest when there was a terrible shock, which caused the Drummond Castle to quiver as if shaken by a dynamite explosion. This was followed by a horrible grating, rasping sound, the noise of rushing water, the cries of the passengers, who sprang from their berths in terror, and the sharp words of command from the officers on the deck, who ordered all hands to clear away the boats for lowering. But the rents in the stricken steamer were so wide, and deep that but few of the passengers had time to scramble up on deck before she gave two or three heavy rolls and then an awful lurch, accompanied by some interior explosion, and she sank.

Some of the passengers, however, succeeded in fastening life-preservers around them, and some of the bodies washed ashore were so provided.

A tug which has just returned from Molene island says that the bodies of 25 of the victims of the wreck of the Drummond Castle have been washed ashore at that place.

Much wreckage of the lost steamer is washing ashore at Ushant and Molene island.

BREST, June 19.—A number of bodies of the victims of the disaster of the British steamer Drummond Castle, which was lost off Ushant lighthouse on the night of June 16, have been washed ashore at Ushant. Some of the corpses are those of women entirely nude.

Ferren, of Connecticut, Louis Lafenfer, of Colorado.

Three Filibustering Expeditions.
PHILADELPHIA, June 19.—The Record Friday says that three of the largest and most formidable filibustering expeditions that have ever left the United States are now on their way to the coast of Cuba, and all have thus far escaped the vigilance of this government and the Spaniards, who have been watching for them and their many passengers and large cargoes of ammunition, dynamite, guns and other war material.

Poisoned by Eating Pressed Beef.
GLENWOOD, Wis., June 19.—Thirty persons were poisoned Thursday evening at Downing, Wis., by eating pressed beef purchased at a butcher shop, for supper. All the medical aid from Glenwood was summoned to aid the sufferers. Frank Crowl, a saloon-keeper, is not expected to live. Henry Guns came to this town after eating some of the beef, and fell on the street almost lifeless. Great excitement prevails.

A Hanging at Lumberton, N. C.
RALEIGH, N. C., June 19.—At Lumberton Friday morning Frank Macey, alias Edward Fairly, a Negro 26 years old, was hanged for outraging Susan McNair, a white girl. He made a confession and sold his body to a surgeon for \$5. The execution was private in the jail yard, and a company of militia was on guard.

Ten Thousand Were Drowned.
YOKOHAMA, June 19.—Additional reports as to the loss of life by the recent earthquakes and tidal wave in the northern provinces of Japan show that 10,000 persons were drowned by the tidal wave which accompanied the shocks.

The Vice President Leaves for Boston.
